

Greeting

On behalf of The Japanese Association of Smoking Control Science (JASCS), I am deeply grateful for the opportunity to make a brief greeting at the Fall Conference of The Korean Society for Research on Nicotine and Tobacco (KSRNT).

Since 2008, KSRNT and JASCS have been conducting academic exchanges. We, the members of JASCS, would like to express our sincere thanks to all the members of KSRNT for the warm cooperation, it greatly helped promote smoking cessation. However, the complete release from smoking still requires a lot of work.

We sincerely wish that KSRNT and JASCS will continue to cooperate to make significant contributions to the prevention of smoking hazard in the world.

President,

The Japanese Association of Smoking Control Science (JASCS)
